CPRING cleaning time is I here! For days, mother in her "dust-cap" and gingham has marshalled and hurried her costly army of carpet-beaters, dusters and helpers. The family's in a turmoil. Mother's "all in" -the kiddies and dad are "all

Perhaps in a week or so the family will be reunited. The dust will have settled once again; the rugs and carpets will be dirty again and mother's drudgery and life-shortening exertion will have been in vain.

These things should not be! There is an easy, economical way to clean house and keep it clean! That is to equip your home with the electric vacuum cleaner.

Its powerful suction whisks away deeply embedded destructive grit from carpets and rugs in such a way as to prolong their years of usefulness and beauty. Its handy attachment tools remove hidden dirt from furnishings, coverings and up-holstered things, mouldings, plate-rails, closets, book-cases, radiators, even the furnace and piping, without raising or scattering the dust, or disturbing the family.

Any dealer or your lighting company, will show you how to solve "spring cleaning" worries. 'Phone or call on one tomorrow.

Only one way to clean radiatorshang a damp cloth back of the radiator and with the blower at-

tachment of the electric vacuum

cleaner blow out all the hidden,

germ-laden dirt.

Banish Dirt and Dust the Electric Vacuum

O V. C. M. Am'n tots

All Fools' Day would be

no joke if there were no re-

sponse when you pressed the electric light and power switch button. On that day,

as on all other days, Sun-days and holidays included,

your public service com-

pany must give steady and reliable service to you and to

other thousands of customers. Whether one, or all

simultaneously demand that

service it must be "there" when the button is pushed. It is this infallible service

that operates your electric vacuum cleaner.
